Computer Games Technology Graduate from Portsmouth University searching for opportunities to create in an excellent environment to create products to be proud of.

Technical Skills:

- Languages: C++ and C# at a competent level.
- Software Experience: Unreal Engine, Unity, 3DS MAX, Microsoft Office, Visual Studio 2013 onwards, GitHub and GitKraken.
- Working knowledge of Architecture theory and Game Design principles which have been implemented using Unreal BSP and the Unity Editor.

Education:

University of Portsmouth (2017-2020) First Class Honours

- **No E.V.I.L (PC) 2019-2020 (Group Project):** Worked as a Lead Designer in a Client-based project for RARE studios. I worked heavily on whiteboxing and designing the main level of the game alongside puzzles. Organised playtesting sessions and acted on proposed improvements where necessary. Worked with all disciplines to finalise logistics and viability of final ideas.
- **Nocturnal (PC) 2018-2020 (Solo Project):** Worked on a research game to test if player emotion, specifically fear, could be measured and acted upon within hidden systems mid game. Responsibilities included: including level design, gameplay and mechanical implementation, audio design and organising playtesting for further improvements.
- **Other Important Units:** Psychology in games ranging from behaviourist psychology to social constructionism, AI programming and designing of AI systems, Gathering, Analysing and acting upon player feedback including the iteration process.

Denefield School (2011-2017)

A Levels in EPQ, Psychology, Maths and Computing with grades A*CDD respectively.

Experience:

Sales Assistant at JD Sports (2015-2021):

- Worked as a team with other staff members to enhance the customer experience.
- Communicated with customers to find resolutions for problems.
- Headed the execution of Sale periods for the Footwear Department.
- Maintained leadership when management was absent, especially in the back of house areas.
- Promoted to Supervisor in August 2020

Hobbies and Interests:

- Favourite Games: The Long Dark, SMITE, Call of Duty: Modern Warfare, Sniper Elite V2, Super Mario Odyssey, The Witcher 3: Wild Hunt, XCOM 2.
- Hobbies: Keen interest in Football as a goalkeeper where I am captain of our 5 a side team. I also visit the gym 3 times a week.
